

MANY DIE IN SPECTACULAR TENNEMENT FIRE

KANSAS CITY, KAS., SCENE OF A FIRE HORROR TODAY

Thirteen are Unaccounted for and Indications Point to Cremation

INCIDENTS OF HEROISM ARE SHOWN

Laborer Carries Wife and Baby Across Four-foot Beam and Drops Them Safely to Firemen Who Then Catch him as he Falls

(Scripps-McRae Dispatch.)
KANSAS CITY, Kas., Oct. 25.—Several people lost their lives and scores were injured in a fire this morning which destroyed the old Chamber of Commerce building, used recently as a tenement lodging house. One body, believed to be that of Daniel Young, was taken from the ruins during the fire. It is supposed a large number of bodies are in the ruins. The property loss is \$50,000. Thirteen are now unaccounted for in the Chamber of Commerce fire, including seven men and boys, two women, three girls and a baby. Among the dead are: ROBERT BURTON, stone mason, J. H. BRANHAM, blacksmith, died at the hospital at noon. H. S. WILSON, dropped a baby to a policeman. The child slipped to the ground and was slightly injured. Frank Detarrs jumped to a ladder and broke all his fingers catching the rungs.

Score Are Dead
It is believed nearly a score of bodies are in the ruins of the tenement, although Assistant Fire Chief Lind insists the dead will not reach over six. Three bodies have been removed, those of Daniel Young, aged 60, a laborer; John Lynch, a teamster; the infant of John Sparks and wife. Lynch was killed trying to save the Sparks baby. Of about fifty injured, three probably will die. Charles Carlin, engineer, who was on the third floor with typhoid fever, is missing. Jesse Ford, a laborer, carried his wife and baby along a beam from the fourth floor window to a point directly above the fireman. He dropped the woman and child to them, both landing safely. The firemen then caught Ford as he jumped. The janitor says about a hundred persons regularly lived in the building and that a number of extras occupied the rooms last night.

GIRLS HELD PRISONERS BY AN ANGRY BULL

MINNEAPOLIS, Minn., Oct. 25.—Pursued by a bull Marie and Julie Carlson were forced to take refuge on a telephone pole in a lonely spot near the city in the midst of the cold drizzle. When they were rescued from their perilous position six hours later both girls were on the verge of collapse, and they are now ill in bed. One of the sisters heard a noise behind her, and, looking around, saw the bull coming, head down and tail up. Pushing and pulling each other, the girls in their desperation climbed the big pole to the lower iron rungs, and there clung for hours, while the vicious brute pawed the ground and butted the pole in his rage.

MORRIS OFF TO CONSIDER NORMAL

Plans for the La Crosse Normal school, calling for a building costing \$200,000, will be considered and probably ratified at a meeting of the state board of normal regents at Madison tomorrow. State Senator Thomas Morris, a member of the board and also of its executive committee, will leave tonight to attend the meeting. The plans were authorized to be drawn by a Milwaukee firm of architects at the October meeting of the regents. They will be shown the committee and explained and if satisfactory will be adopted. "I think the plans will be ratified without the slightest doubt," said Senator Morris today. "The building will cost in the neighborhood of \$200,000. "The regents have authorized the plans drawn and after ratification the legislature will be asked to appropriate money necessary to construct the building according to the plans. There has been little hitch in negotiations thus far and I expect everything to pass smoothly." After the ratification of the plans for a fireproof and modern structure little will remain to be done. The legislature must appropriate the money for construction. The work probably will be started next spring, the legislature giving the money at the coming meeting this winter.

ARRESTED FOR THEFT OF AN OVERCOAT

Rollie P. Stanton and Richard Watts were arraigned before Judge Brindley this morning on a charge of the theft of an overcoat of W. E. Barber on Oct. 16. Each entered a plea of not guilty and the cases were continued until tomorrow morning. Watts blames Stanton for the theft of the coat, admitting that he sold the garment, in sight of Detective John Coady. Watts says he suspected nothing was wrong at the time. "Stanton gave me the coat and told me to get what I could for it," said Watts. "I sold the coat for \$2. Detective Coady being present when the sale was made. I didn't know the coat was stolen." The prisoners went to jail being unable to furnish bonds for their appearance.

MORE DISEASED DOGS ARE SLAIN

Canines Running at Large Must be Muzzled, is Police Order

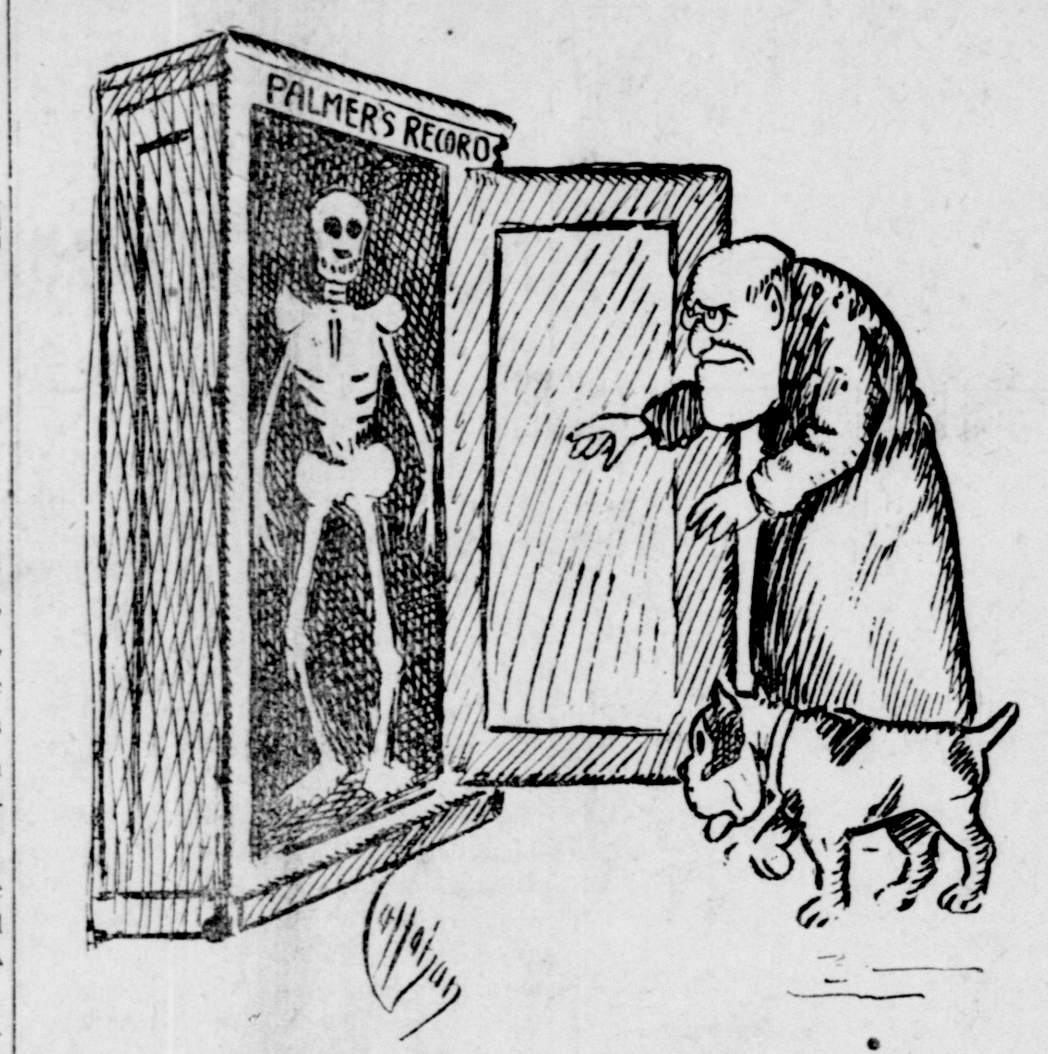

After keeping his pet dog in confinement for two weeks and convinced that symptoms of rabies had appeared, Dr. A. Gunderson, 1231 Ferry street, this morning killed the animal, the second in a month. The dog was bitten by an imported canine which was dispatched three weeks ago after having shown signs of going mad. Dr. Gunderson notified the police department of five other dogs that had been bitten by his. They are the dogs of: A. B. Moll, 527 West avenue south. William Linker, 1228 Market. William Luening, 629 West avenue south. Van Cohn, Thirteenth and Ferry streets. James Taylor, 210 South Fourteenth. This afternoon the police department notified the owners of the dogs that were bitten to place them under confinement and see if rabies developed. If the symptoms appear, the dogs must be killed. At the same time Chief Byrne made the announcement that all dogs running at large hereafter must be muzzled or would be shot. Since the "mad dog" scare when the large mastiff of William Schilling, 916 South Fourth street, developed rabies and bit a number of dogs, several canines have been shot.

OFFER 2 TO 1 ON CHRIS BURNS

Betting odds are two to one in favor of C. J. Burns for sheriff. With this handicap offered, Palmer money is scarce so firm is the conviction that Burns will be elected. Burns money is going begging. Betting began at even money, but with Burns money appearing on every hand to take all bets, the odds were increased to two to one. Even at the late odds, little Burns money is being taken although backers of the democratic candidate stand willing to raise \$1,000 inside of an hour. At various places about town, where large bets have been placed in former years, Burns money is awaiting takers, with plenty more to come if needed.

In the town of Bangor, where a bitter fight is being waged against Burns, from the local mouthpiece of the republican campaign with little success, all indications are that the democratic candidate will carry the county and village with ease. So strong is the belief of one prominent democratic backer of Burns, known as an astute businessman and politician, that he has offered and accepted even money that Palmer will not have one-half as many votes in the town and village of Bangor as Sheriff Hough. "Gid" Lang, deputy sheriff, encountered the same Bangor business man on a recent trip to the village in the interests of Palmer and the republican county ticket. He had spread the report of being willing to bet, and the offer was taken up. "Gid" was without funds when the businessman offered to write a check and secure any amount from \$10 to \$500 to place on Burns. "Just send the money down to La Crosse and we'll take it up there," said Gid. "I've had \$100 in La Crosse in the hands of a commission man to place for me for the last two weeks. Go down home and cover that and I will send some more," was the reply. The \$100 still is waiting for Palmer men to take. (Continued on page 4.)

Pluckiest Man on the Great Northern Dies After Remarkable Injury

(Scripps-McRae Dispatch.)
MINNEAPOLIS, Minn., Oct. 25.—Bernard F. Unger, the pluckiest man on the Great Northern system, is dead. Pinned under his engine he ordered a brakeman to amputate his right leg with an ax. The operation was performed with one blow. Opiates were applied according to the injured man's directions. He was carried twenty miles on a hand car and a hundred miles on an improvised train to Ely, Minn., where he died from loss of blood.

SKAAR SPEAKS AT CENTENNIAL HALL

Olav Skaar, candidate of the assembly, will speak with the Hon. Mr. Michael Blenski, Milwaukee, at the Centennial hall tomorrow night. Judge Blenski will make an address in English and also Polish. Attorney Skaar probably will speak only in English although he may make an address in Norwegian.

THREE MINERS ARE KILLED

(Scripps-McRae Dispatch.)
NEW PHILADELPHIA, O., Oct. 25.—Three men failed to return to the surface of the Mullin mine at quitting time last night. After an hour's search the bodies were found. Apparently they made a shot and returned too soon and were suffocated.

CITY GETS \$100 PREMIUM ON \$13,000 OF BONDS

City Clerk Sieger this afternoon sold \$13,000 worth of special street improvement bonds, realizing a premium of about \$100 on the sale. The bonds were for brick paving on Calcedonia street and other macadam. They ranged from one to twenty years.

SHE STEPPED ON THEIR DYNAMITE

And Was Killed, While two Planning Train Robbery are Under Arrest

(Scripps-McRae Dispatch.)
AETNA, Ind., Oct. 25.—Carl Packard and Fred Gerserung have been arrested as a result of an explosion of dynamite under the boarding house where a hundred employees of a powder plant lived. Lena Behlers was fatally hurt. The woman went to the room of the two men to sweep and stepped on the explosive. It is thought it was stolen to aid in an attempted holdup of a Lake Shore train.

AUTO DESTROYED IN A COLLISION

In a collision between the automobiles of A. F. Reitzel and Contractor C. W. Noble in the darkness at Tenth and King streets last evening shortly after 6 o'clock, the machine of the latter was smashed and the occupants of each shaken up. The machine of Mr. Reitzel escaped without serious injury while the auto of Mr. Noble is almost a total wreck. Mr. Reitzel had turned Tenth street at Main going south to his home. Mr. Noble was coming down King street and turned to the north on Tenth. The auto swerved at the corner and crashed into the Reitzel machine.

POSITIVE PROOF OF THE "FREEZE OUT" SYSTEM

PALMER WILL BE DEFEATED BADLY

Farmers Generally Preparing to Scratch Him and Democrats Won't Bolt

Burns will lead the county democratic ticket. This is the opinion shared by John F. Doherty, chairman of the county democratic committee, who returned late yesterday afternoon from a speech making trip throughout the rural districts of the county. Chairman Doherty is optimistic of the chances of the entire county democratic ticket and believes that a great amount of scratching will be done at the polls. "The democrats will vote for Burns for sheriff as a unit," said Mr. Doherty. "Some republicans also will vote for Burns, thus robbing Palmer of his party votes. No democrats will vote for Palmer. "This is the condition as I found it on Middle ridge, at Newburg's Corners, on St. Joseph's ridge, Burr Oak, Mindoro and in the town of Burns. Many men whom I met, and I met a great many during the first four days of the week, will vote for Burns. Republicans will vote for him, giving no reason for their intended ballot at the polls. They say nothing against Palmer, simply having the conviction to vote for Burns. "From these conditions, which I found everywhere I went, I believe that Burns will lead the democratic county ticket when the ballots are counted. The entire ticket has a good show to win. The outlook throughout the county is especially promising and although all interest is in the fight for sheriff, there may be some surprises after Nov. 4. "I will leave tonight for Doylestown, Columbia county, where I will speak tonight. Friday night I will speak at West Salem with C. L. Hood and Saturday night we will speak at Bangor. "I am afraid that La Crosse will lose Bryan and Folk. Bryan will not come here, because it is impossible, while I fear that Governor Folk, of Missouri, also will be unable to come."

MRS. KETCHUM DIES

Mrs. A. L. Ketchum, New Amsterdam, died this morning at the age of 24 years. She was a daughter of Mr. and Mrs. Garret Westerhouse. The funeral will be held tomorrow afternoon at 2 o'clock from the Brice Prairie church, the Rev. A. L. Hocking, Onalaska, in charge.

HAZERS MUST REVIEW TO COURT

(Scripps-McRae Dispatch.)
MARIETTA, O., Oct. 25.—Under the new anti-hazing statute the first conviction was secured today. Sidney Colt and Clarence Tibbetts were convicted of hazing Frank Bartlett, a fellow student at the high school. The defendants were ordered to report to the court once a week with their books to review their studies and detail their conduct.

Grain Trust as Bad as Any Other

ROADS GRANTED REBATES

While Big Grain Dealer Admits Plan to Freeze Out Small Merchant

(Scripps-McRae Dispatch.)
MINNEAPOLIS, Minn., Oct. 25.—Federal officials declare they have secured direct evidence that rebates were granted by the Minneapolis & St. Louis road to grain companies, forcing independents out of business. The federal grand jury continues its investigation. Threatened Small Dealer
OMAHA, Neb., Oct. 25.—At the interstate grain hearing today Nels Updike, president of the Updike Grain company admitted a letter threatening to establish a store at Little Sioux, Ia., to drive out Storekeeper Murray, unless Murray quit the grain business. He said this was justified because he bought out Murray, who refused to stay out.

TURKEY SUPPLY WILL BE SHORT THIS FALL

The reports from the country regarding the annual supply of turkeys are discouraging. People of the city who are not favored with country relatives having a barnyard full of fat, strutting turkeys will do well to engage their Thanksgiving birds ahead of time, as present indications point to a scarcity of the national fowl, while prices unquestionably will soar. Reports from farmers throughout the state with reference to the fall turkey crop are gloomy. The season apparently has not been a good one for raising turkeys, and as a result farmers will not be able to meet the demand. Chickens, ducks and geese, however, are plentiful, and the last of November will find a well supplied market in that line. It is also said that the prices will be reasonable. Eggs at present are in great demand and the market is kept continually clean of fresh eggs. As a result some storage eggs are being sold. Malaga grapes from Almera, Spain, are beginning to arrive, although the season is a little early. The grapes are the finest ever received at this time of the year. They have an exceptionally fine color, are sweet and delicious and run large and even in size. Florida grape fruit is becoming plentiful. The fruit is exceptionally large, has a fine bright color and is very juicy. It is also a little early for grape fruit, the season being about two weeks ahead of last year. New tomatoes from California will be plentiful for the Thanksgiving market, as reports from that state indicate a good crop. The first shipment of Wisconsin cranberries has been received and the crop is exceptionally good. Figs and dates are beginning to arrive from California and both undoubtedly will be abundant. This year's crop of nuts will begin to arrive next week.

LANPHER FUR JACKETS

THE one thing, above all others, to look for in a fur jacket is the proper cut—the style. Mere richness of fur will not suffice; nor how carefully the garment is sewed nor how nicely it is trimmed. You don't want it if it looks as though it came out of Noah's ark. A fur garment that is right, gives pleasure and satisfaction—a joy we all recognize.

We publish a little book, called "Judging Furs" that tells just what you ought to know about fur styles—how fur garments are built; in fact, much more than you will anticipate. It is written from the view point of the purchaser—written for women as well as for men. (See below.)

THE ART OF THE FURRIER is the best thing about furs. He takes Seal and Mink and combines these two rich furs to get the best effect. Then he takes the less expensive skins, dyes them and produces a substitute that you can hardly tell from the original.

Here is a case in point. The Seal and Mink effect is produced in Neuseal and Dipped Muskrat, very stylish and neat. \$32

This is only one of 75 varieties of Ladies' Fur Jackets—literally thousands of these garments of the popular and richest furs—Lanpher Astrakians are a feature ranging in price from \$26.50 to \$66; every one a jacket that any lady will feel comfortable in wearing. If it is a LANPHER FUR it is made to wear well.

LANPHER FURS are sold by the leading dealer in every community. Write to us for the book "Judging Furs" and we will also send you the address of our nearest dealer.

AT THE THEATERS

The new Dalrymple Comedy company will make its first appearance at the La Crosse theater Monday, Oct. 29, opening their engagement with the beautiful southern society drama, "A Southern Rose." Mr. Dalrymple is a veteran showman, and has gathered together a company of able assistants and has been very fortunate in securing competent talent for his leading roles. One of the leading features is the musical specialties between the acts. The Japanese artists, Potts and Potts, render some unique and remarkable musical novelties. On Monday evening one lady will be admitted free on each 30 cent ticket. The advance sale begins Saturday morning at Young's.

They will open a week engagement commencing Monday except Tuesday, Oct. 30 for "The Free Lance."

Sousa's "The Free Lance"

John Philip Sousa's newest comic

opera "The Free Lance," with book and lyrics by that well known librettist, Harry B. Smith, and with Joseph Cawthorn as the stellar feature of the original cast, which appeared in the original presentation at the New Amsterdam theater, New York, last fall, will be the attraction at the La Crosse theater, Tuesday, Oct. 30.

Mr. Sousa, apart from composing some of the most stirring march music, has, in collaboration with others, turned out several successful comic operas, but it is the consensus of opinion that in composing "The Free Lance" he has given the musical stage of America his best offering.

Morey Stock Company

"Just Plain Folks," last night had a small but appreciative audience. The play was one of the best seen here for some time. It had the light and shade, the two essentials to make up a pleasing melodrama. The scenery was beautiful. The setting of the third act showing the log chute down the mountains was very realistic. The cast of characters was exceptionally good. The vaudeville features between acts were freely applauded. Tonight "Only a Private" will be produced.

A FINE SHOW AT THE BIJOU

The laughing show of the season is at the Bijou this week.

Kipp and Kippy are funny as well as clever jugglers.

Armstrong is a real live comedian who sings some of the best parodies heard here this season.

Gordon, Vidocq and Flinn, in "McKenna's Reception," are inventors of fund and when the curtain falls on their act there is a storm of laughter and applause.

The illustrated song, "I Never Can Forget You, Dear," rendered by Lawrence Wall, is also pleasing.

The moving pictures are "The Serenade" and "The Coronation of King Haakon of Norway."

TO STUDY AMERICAN METHODS

(Special Tribune Service.)

WASHINGTON, D. C., Oct. 25.—Major C. F. Close and Captain Firth of the topograph division of the British ordnance survey are expected in Washington next week on a mission that is without precedent in the history of the friendly relations between the United States and Great Britain. The purpose of the British officers in coming here is to study the map making system of the United States. The British ordnance survey makes the official maps for the British empire. It is reputed to be the foremost organization of its kind in the world, but at the same time there are some points in which the map-makers of the United States geological survey excel. One of these in particular is the system of printing maps in three colors, brown for the contours, blue for the rivers, and black for the roads and towns. The method has been copied from the United States by the French, Swiss and German governments, and it is expected that England will follow suit. During their visit here the British officers will be afforded every facility for investigation by the war department, the geological survey and the coast and geodetic survey.

NEW NUMBERS FOR 250,000 R. R. CARS

PHILADELPHIA, Pa., Oct. 25.—As one big facility in moving and taking care of its nearly a quarter of a million freight and passenger cars, the Pennsylvania railroad is having them all renumbered. It is a gigantic task, one that will take fully a year to complete, but when the work is done there will be none of the confusion which has brought grief to the Pennsylvania's car record office and car accountants of other roads.

Troubles arose from the fact that every one of the individual companies which go to make up the Pennsylvania System had its own car numbers. In addition to that, the similarity of the legends, "Pennsylvania" and "Pennsylvania company," often caused one name to be reported when the other should have been. In the System there might be eight or ten cars with the same number, and if the small initials of individual ownership were left out of a report there was no way of telling what car was really meant.

How Confusion Arose

For example, take the number 2,015. It was a gondola car on the Northern Central, the Buffalo & Allegheny Valley, the West Jersey & Seashore; it was a box car on the Philadelphia, Baltimore & Washington, the P. C. & St. L., and the Erie & Pittsburgh; and it was a coke car on the Pennsylvania railroad proper. If some agent sent in a report on "Pennsylvania, 2,015," neglecting to mention the smaller initials, he might be reporting on any one of the seven.

When a Pennsylvania railroad car was reported as a Pennsylvania company car, or when any car was not reported with all the lesser details, it caused a vast deal of trouble and expense. As a matter of fact, the small initials of individual ownership were overlooked and not reported in a majority of cases.

To do away with the confusion it was decided to renumber the entire car equipment, both east and west, assigning to each lesser company included in the system a certain series of consecutive numbers, this series being further divided so as to indicate kind, class and capacity. The result is that the number alone will tell all there is about a car to know, as it can be identified by reference to the official list.

It is a very intricate and complex job to get the new numerals on the cars. The size of it can be realized only when one considers that the cars of a big railroad system are scattered over the whole country, many of them staying away from "home" months, even years. Before such a one can be renumbered, of course, it has to return to the Pennsylvania system.

Scheme Working Rapidly

The work is now proceeding very rapidly. The general plan for renumbering was mapped out in the Pennsylvania offices at Altoona. A table was made, showing the original num-

ber of every car and the new number it was to receive, besides the kind, class and capacity. Then copies of this table were sent to agents all over the system, every one being directed to look out for unchanged cars coming into his territory and change them at once. The result of this scheme has been that the new numbers have been put on with great dispatch.

To the passenger cars belonging to the lines east of Pittsburgh are given the numbers 1 to 7,000 and to those belonging to the lines west of Pittsburgh the numbers 7,001 to 10,000. The freight cars are numbered from 10,001 to 500,000 on the eastern lines and from 500,001 to 999,999 on the western lines.

To make the task as easy as possible it was arranged that the largest ownership, namely, the Pennsylvania railroad proper, should carry the lower numbers. This meant that in the new scheme many cars would fall into the proper class, without having to be renumbered.

The cars are to be repainted, too, but that is, of necessity, much slower work than the renumbering. There are comparatively few places where it can be done, while new numbers can be put on at pretty nearly any station where there is a small paint shop. When the repainting is done every car on the eastern lines will have the word "Pennsylvania" one the side, above the number, and the letters "P. R. R." on the end. On the western lines "Pennsylvania Lines" will be the legend for the side of a car and "P. L." for the end.

MEMORIAL TO ITS DEAD

(Special Tribune Service.)

SPRINGFIELD, Mass., Oct. 25.—A handsome monument in honor of the dead of the 2d regiment of Massachusetts, United States Volunteers, was unveiled today with interesting ceremonies. The memorial is, with the exception of one at Los Angeles, the first to be erected to men of the Spanish war. The statue shows a soldier of El Caney, molded in bronze, standing on a pedestal of granite, bearing tablets with the names of the soldiers of the regiment who were killed or died during the Cuban campaign.

Gund's Peerless Beer

is America's favorite family beer, because it contains nothing but the pure essence of barley and hops. It has been conscientiously brewed for half a century by the celebrated "Gund Natural Process"—a process that retains to a most wonderful degree the fine flavor and life principles of the rich grain and the imported hops. In fact it is "a liquid bread" of high food value—also a digestive and thirst quencher.

Prof. Dr. P. Bauer, Berlin, Germany says: "The water in beer quenches the thirst, the carbonic acid refreshes, the extracts are nutritious, the alcohol (3%) further digestion, the mineral salts build up the bones and the extracts of hops act as a tonic."

Peerless—Bottled only at the brewery and has always been a beer of commanding superiority. Ask for it if you would have the best going. Sold everywhere. A fine home beer. Order a trial case delivered this very day. Delicious, invigorating, sparkling, snappy.

About the Eyes

Your eyes are subject to as many different defects as the body is to deformities, whereas it should be one of the most perfect of the body.

In civilized countries or especially in even primarily educated countries, 999 people out of 1000 wear glasses some time in life. It is natural that you should need glasses for reading, writing, sewing and other close work between the ages of 40 and 45 years, a perfect eye should need glasses at this age to relieve them from strain when being used for near work.

Many young people need glasses early in life to relieve the various forms of eye strain which is the cause of 75 per cent. of all headaches. Just think it has been proven by eminent authorities that three people out of four that have headaches, have defective eyes, and glasses are the remedy, because they CORRECT the DEFECTS when perfectly fitted and there is no eyestrain.

When you get ready to be relieved of these headaches and make sewing, reading and all near work comfortable and easy, call and have me fit you with glasses that I guarantee will give perfect satisfaction or no charge.

CHARLES JOHNSON OF ONALASKA IS DEAD

Charles Johnson, aged 28 years, Onalaska, passed away at 9 o'clock this morning after an illness of about six months with tuberculosis.

About six months ago his father passed away and soon after this the young man was taken ill and gradually grew worse.

He had been a resident of Onalaska nearly all his life and was born there. Last year on Dec. 27, he was united in marriage to Miss Bessie Chisholm who survives together with his mother, Mrs. Even Johnson, and three sisters and two brothers. The sisters are Mrs. L. Larson of Onalaska, Miss Clara of Minneapolis, and Miss Minnie of Onalaska.

The funeral will take place Saturday afternoon from the house, Rev. E. O. Vik of the Charles Street Lutheran church officiating and E. C. Smith of Onalaska in charge with interment at Onalaska.

RAILROAD BUSINESS ON THE INCREASE

The following statistics will show that the report which is circulated in the city at times to the effect that the work which was formerly done at the North side roundhouse is now being taken away and that most of it is being done in Minneapolis, is untrue.

The payroll during the last month has been somewhat over \$3,500, which is about \$995 more than it was in the same month last year.

The number of men employed there for the past month is sixty-two and two more were put on today. Last year during this month only forty-seven men were employed.

FRANKLIN CLUB DEBATE

The question for debate at the Franklin club this evening is "Resolved, that the city council should be composed of ten men." An interesting debate is expected. If the ten ward basis is debated it will no doubt be brought out that any number of precincts can be established in each ward and thus the voter will not have any farther to go to cast his ballot than before.

INDIGESTION A CRIME.

Don't You Want a Keen Appetite and Perfect Health Once More.

Don't you want a keen appetite, vigorous digestion, strong heart action, pure blood, nerves of steel, and natural strength and health restored to you once more?

If you continue to suffer with the ills of indigestion, such as headaches, backaches, sleeplessness, nausea and distress after eating, specks before the eyes, despondency and nervousness, now that you have been told of the good Mi-o-na stomach tablets will do you, then your indigestion is an absolute crime.

Mi-o-na will strengthen all the organs of digestion, so that you will get from your food the nourishment that is needed to support the vital forces and strengthen the nerve powers; the flagging spirits of mind and body will be rejuvenated; hope, courage and strength will be restored.

The fact that Mi-o-na is sold under an absolute guarantee by O. T. Erhart to strengthen the digestive system and restore health, or he will refund the money, proves most clearly and strongly the great merit of this remedy.

Ask him to show you the guarantee he gives with every 50-cent box of Mi-o-na. This will show his faith in the remedy, and Mi-o-na itself will soon demonstrate its health-giving qualities.

X. RAY WIELDS HIS LITTLE HAMMER

Dear Tribune:

It is very gratifying to know that La Crosse has increased in wealth to the extent stated in your issue of recent date. It makes us feel big. We all feel that we are in a fair way to become "bloated bondholders." It makes us feel good, when we read your figures, and we can retain the idea of increased wealth if we are not permitted to go behind the returns. When we look at the assessment rolls we find the assessed value increased on property that has no increase in intrinsic value, and much of it, in fact, depreciated so far as buildings are concerned, by age and the action of the elements. The writer of this article has contributed \$800 to this vast increase of wealth. He purchased a house and lot for \$3,500 that had been held at that price in the open market for a long time and no buyers, and consulting the assessment roll he finds he has been growing in wealth to the extent of \$800, the property is now assessed at \$4,300, while he has

been all unconscious of any material effort to gain wealth in that direction. The assessor is a great wealth producer. And then, he serves to keep the tax rate down. "Down with the rate and up with the assessment," is the policy pursued by the party in power, and extravagance in expenditure of the people's money is the order of the day. This great increase in wealth is based on real estate for the most part, and God's patient poor, who own their little homes must bear the burden. Great increase in wealth in our city! All bosh! It is done by the assessor's pencil.

VOTE FOR GOOD MEN

(R. B. Gelatt in Leader-Press Oct. 28, 1904.)

"THE CITIZEN SHOULD DIVEST HIMSELF OF PARTISAN BIAS SO FAR AS HE IS ABLE AND VOTE FOR COUNTY OFFICERS ON THE GROUNDS OF THE QUALIFICATIONS OF THE CANDIDATES FOR THOSE OFFICES. THE MORAL STANDING, THE HABITS, SUCCESS OR FAILURE he has shown in his own business and the SPECIAL QUALIFICATIONS for the office sought ought to be weighed in the case of each candidate. This takes time but it is no light matter to assist in the selection of public officers and EVERY CITIZEN OWES IT TO THE PUBLIC TO DO IT INTELLIGENTLY."

A WARNING TO SALOON MEN

Just a moment, Mr. Saloonkeeper! The Tribune wants to have a serious talk with you.

Do you know what the "lid" is? It is regulations governing saloons, etc., so severe as to restrict human liberty as liberally understood. It is put on always as the result of a city becoming so fast that liberty is abused and degradation takes the place of liberality.

You know what an "open town" is. Well, an "open town" may remain open always. If it is closed, it is because the privilege of being open is abused. And when the lid is put on and the conservatives get control, the town goes to the other extreme and all you fellows have to eat Quaker Oats and go to bed with curfew. Too much regulation is as bad as no regulation, and too much regulation is the fruit that grows on the tree of licentiousness.

La Crosse is an "open town." There is a broad liberty enjoyed by saloonists here. Every respectable saloonkeeper wants that liberty respected, not abused. But things have been going along pretty fast in some quarters and there is danger that the limit may be reached. If it is, you may as well hand your keys over to the W. C. T. U. and go into the ice cream business. So it is to the interest of every one of you to keep a steady hand on the reins and keep the careless fellows within the bounds of respectability.

Suppose, Mr. Saloonkeeper, that just at this time when things are getting ripe for the "lid," we elect a harem-scarem, boisterous and licentious man as sheriff. Suppose he becomes responsible for riotous conduct. Suppose his administration calls down upon us one of those "crusades" that happen along about as often as the measles. Can you see the "lid?"

That is what will come as certain as fate if Harry Palmer is made sheriff. With the sheriff running amuck in the wine rooms and raising Cain, an example will be set that will breed lawlessness no sane city can stand. Reaction is sure to come, and it will come quick and hard. It is as inevitable as doom. You cannot afford it. You cannot afford to sell your liberty for a few dollars spent with you during a campaign. For every dollar you secure from a "good spender" who wants to be sheriff you will pay hundreds before you can recover from an apparition of the "lid." Think it over!

It is whispered that the successor of Publisher Gesler on the republican county committee is not a Palmer man, either. And it is even said he was willing to resign, but that the committeemen urged him to retain his office. Thus it is that men are "kicked" off the republican county committee for being opposed to Palmer. Great heavens, they are all against him at heart.

We know of no Sixth street affair. If any man does, and if he has a grain of honor, he will print the story instead of resorting to nasty innuendos. People have taken notice that The Tribune doesn't hesitate to use emphatic and unmistakable language when it has any "charges" to make. Innuendo is the weapon of the malicious and cowardly.

The decent and intelligent voters of La Crosse county can be trusted to settle this sheriff question right. Hereafter it will be understood that to successfully seek their votes a man must have the qualifications of character and ability essential to the proper administration of public office.

La Crosse merchants are interesting themselves in Mr. Broadbridge's lectures on "Scientific Salesmanship." The work is of the utmost importance, and the enthusiastic reception it has received here marks La Crosse as a community of wide awake businessmen.

Henceforth La Crosse merchants will not be able to distinguish between the values of a sworn circulation report and a "publisher's statement." Either will be below par.

Chris Burns will be elected, as he should be. That is certain, and it is now a question of majorities. He will have plenty of votes to spare.

If our good friend Mr. Lang will only continue his campaign for Palmer Uncle Cy will be safe in staying home and leaving it all to Gid.

YES, BURNS DOES!

The La Crosse Chronicle says that the republicanism of the Bangor Independent is the same kind that will elect Hearst governor of New York. Now just kind of reasoning that is would be hard to tell, certainly the science of logic doesn't provide a name for it. Possibly the democratic votes that nominated the republican candidate for sheriff in this county stuck in the mind of the Chronicle's editorialist to the befuddlement of all his political thinking. At any rate he has no evident capacity for understanding the situations in Wisconsin and New York and the general trend of modern politics. Meanwhile Burns continues to make friends and the people are preparing to elect him sheriff.—Nonpareil-Journal

WING REPUDIATES PALMER

La Crosse, Wis., Oct. 5, 1906.
Bangor, Wis.Frank B. Gesler, Esq.
Dear Gesler:

I want to commend the stand you and Trimbel of West Salem have taken on the candidate for sheriff.

There is no party obligation so strong as the MORAL OBLIGATION TO REFUSE TO VOTE FOR A CANDIDATE ON YOUR TICKET IF YOU KNOW HE IS INTELLECTUALLY AND MORALLY UNFIT FOR ANY OFFICE TO WHICH HE ASPIRES; and when he has secured the nomination by soliciting democrats to vote in republican caucuses, it is more than ever IMPORTANT TO TEACH A LESSON THAT WILL NOT BE FORGOTTEN BY FUTURE CANDIDATES.

The republican candidate expects to get enough democratic votes to elect him, as he did to nominate him, but if the decent republicans of La Crosse county do their duty, there will not be democrats enough—of HIS kind—to do any harm.

Yours truly,

E. M. WING.

FREDR. BRIEBACH
PIONEER, IS DEAD

Frederick B. Briebach, 325 North Ninth street, died this morning at 10:40 after six weeks' illness at the age of 77 years and three months.

Deceased was a pioneer of La Crosse, coming here in 1856. He was in the meat business on Main street until last February, when he sold out to his sons. He was born in Germany and was married to Miss Minnie Erbst, forty-eight years ago last September. Surviving are a widow and four sons, E. F. Briebach of the North side, Rudolph J. Fred M., Jr., and Albert G. Briebach.

Deceased was a member of the A. O. U. W. The funeral services will be held Sunday afternoon at 2 o'clock from the residence, Rev. Ebinger of the German Reform church officiating and Fessler & Dahl in charge. Interment will be made in Oak Grove.

CHRIS BURNS

(Continued from Page One)

In the city little betting is being done because of the scarcity of Palmer money. "Baldie" Fisher, a Palmer adherent and worker during the aldermanic campaign, offered \$100 on Palmer at even money a short time ago. The challenge was accepted in short order. Fisher promised to return with \$500 more within twenty minutes. Democratic money was promised to be on hand, but "Baldie" has failed to show up.

SALESMANSHIP TONIGHT

The first of the series of six lectures on "Salesmanship" under the direction of H. L. Broadbridge, will be delivered tonight at the Y. M. C. A. hall. James Ellis, A. W. Crozier and W. C. Webber will assist in the course, which will cover all forms of salesmanship. The approach to a customer to the close of the sale will be covered in minute detail.

NOTABLE BIRTHDAYS.

Archibald Clavering Gunter.
Archibald Clavering Gunter, the popular author and playwright, was born in Liverpool, England, Oct. 25, 1847. He came to America as a young man and studied in the school of mines in San Francisco. After his graduation he was for a time a civil engineer for the Central Pacific railroad and later worked as a chemist in the California assay office. In 1875 he became stock broker in San Francisco and three years later removed to New York, which city he has since continued to make his home. The work which made Mr. Gunter famous was his novel, "Mr. Barnes of New York," which was dramatized and has since been seen on the stage throughout America, and in England and Australia. Others of his books that are well known are "Mr. Potter of Texas," and "Miss Nobody of Nowhere." The successful play, "Prince Karl," is also from his pen.

MULDOON ADMITS HE THREW WRESTLING MATCH

La Crosse Wrestler in Seeking Another match Admits Ambition to Fill his Pockets With Tomah Money

Harry Muldoon, the local wrestler, in a letter asking for a second match with Jake Bloom of Tomah, admits that he "agreed" to let Bloom win the match in this city last winter, believing by so doing he could "fill his pockets" with Tomah money on a return match, which was promised. As several hundred dollars was lost by local sports who bet on Muldoon in the bout, this admission will be of interest.

A portion of a letter written by Muldoon, admitting the "throwing" of the fight, and asking for another match follows:

"Dear Sir:
"I wish it to be known through the columns of The Tribune, that I am entitled to and am looking for a return wrestling bout with Jake Bloom of Tomah.

"You are all aware of the outcome of our first match. I do admit to have let Bloom win the first match, but I do admit to have let Bloom win the

first match, but I did it so I could go to Tomah and get my pockets full of money. Jake Bloom promised me the first match he went into. Well, he wrestled Clayton of Winona and two other fellows and got beat by Clayton a finish. Well, he won't give me a return match on a bet. I have tried every way in the world to get him on and his excuse is his boy got killed two years ago, and he don't care to wrestle. Well, as a matter of fact you could not pull Jake Bloom onto a mat with me with Derr's mules, so here goes: Mr. Bloom, I will throw you five times in one hour for a side bet of \$100, and all gate receipts. I will give you \$5 a minute to stay with me till I get a fall, or till you get one, or I will give you \$50 to come on with me for just twenty-five minutes. I will show you up like a Spanish flag with Dewey behind it. You and Phil Yackel are both of a kind. You are all right when everything goes your way, and now I want a fair shake.

"HARRY MULDOON."

Did You Ever Know

How it feels to be perfectly well?

Perfectly well means a lot. Not an ache, ail or protest of any kind from body or mind.

The Heaven of perfect poise when the life forces drive rich, strong red blood through the veins and fill one with an indefinable joy, when nature and all the world seems to be sending caresses to you.

Then the sky is beautiful whether it be gray or a deep restful eternally-reaching blue or covered with softly moulded, round bosomed clouds lazily floating about and the breeze is kind and sweet whether it smooth your cheek with the soft touch of the woman who loves you or energetically fills your lungs with the strong tonic of life.

Trees nod, the fallen leaves frisk about in fairy grace, flowers smile and send their fragrance and every friend you meet seems a warm hearted brother reaching out for companionship. Perhaps an open fire beckons, beside which tabby purrs out her soft song of peace. Harmony from every side greets the harmony within and there steals over one from head to foot the subtle, sensuous tingle of warm new blood, the perfect poise of a well-fed nervous system.

All this is absolute evidence that the possessor has been fed right and should stick to that kind of food and habits which have produced the result. The facts stand forth and the conclusions are certain. If trouble, distress

and inharmony fill the days and blot out the rightful peace every human being has a right to, **change the food.**

If your present method of feeding makes imperfect cells and fails to build the soft gray matter in the brain and nerve centres scattered over the body, look alive, quit the old diet, and take on a new and better one. That's plain common sense. Right then is the exact time to quit coffee absolutely and select meals wisely. Suppose you try for breakfast,

A little fruit,
A dish of Grape-Nuts and cream,
Two soft-boiled eggs,
A cup of Postum Food Coffee.

Stop at that, it will carry you easily until the midday meal, which can be either a lunch of the same things (if a dinner is expected at night) or the heavy meal can be taken at midday. Take only one heavy meal in a day in addition to the two light ones.

At the heavy meal have one good meat course, with one or two vegetables, and a rich, sweet Grape-Nuts pudding. After a few days on these meals a change for the better will come over the body in practically every case where the disease has not become too firmly fixed and chronic.

Remember health is a matter of wisely selected food and a harmonious mind. It will be a tremendous help to read the little book, "The Road to Wellville," found in pkgs. of Postum and Graps-Nuts.

"There's a Reason" and a profound one.

CAN'T STAND FOR PALMER

West Salem, Wis., Oct. 24, 1906.
La Crosse Tribune,
La Crosse, Wis.
Gentlemen:

I am heartily glad that there is one newspaper in La Crosse that has the good sense and the courage to take a right stand on the sheriff question. Any man who takes an interest in the affairs of the county must decide that Burns is the only candidate for the office who is consistently entitled to his vote. I am a believer in the republican party but is impossible for me to figure out how that puts me under obligation to vote for a man like the republican candidate for sheriff in La Crosse county this fall. Hoping and believing that Burns will be elected, I am,

Respectfully yours,
A Voter.

MICHIGAN PEDAGOGUES

BATTLE CREEK, Mich., Oct. 25.—The Michigan State Teachers' association began its fifty-fourth annual meeting here today with an attendance the largest in the association's history. The visiting teachers began arriving yesterday, and today each incoming train brought large delegations from all parts of the state. The sessions are being held on the Seventh Day Adventist Tabernacle, the largest church in Michigan. The homes of the city have been thrown open and ample entertainment has been provided for all. Tomorrow the association will begin the real work. Prominent among those who will address the convention are N. C. I AM GOING

To tell you something interesting now. For years I've been harping about Gray's Yerba Santa being the greatest, the most wonderful, and the quickest cough cure known, haven't I? Well it was done in good faith, based on observation of thousands of cases during that time, and on reports of the users, that they had never seen its equal, that it resembled a charm, and that they could not be induced to experiment with other cough cures again. Can you blame me for being enthusiastic about Gray's Yerba Santa, and constantly trying to get you to use it for your cough? And ain't I trying to help and benefit you thereby? And ain't I guaranteeing it? You don't risk a cent in trying either a 50c or \$1.00 bottle! CHAS. BEYSCHLAG, DRUGGIST, 503 MAIN ST.

"FRATS" ESCAPE INJURY

MADISON, Wis., Oct. 25.—The legislative committee which has been investigating the University of Wisconsin for nearly a year will make no recommendation regarding the social affairs, athletic activities or Greek letter fraternities of the institution. This was announced last night by the committee, which is in final session here drafting its report. The report will comment briefly on these departments of student life and give the testimony taken, leaving it to the governor and legislature to form their own opinions. The committee decided the faculty was the proper body to regulate these matters.

(Tribune Special Service.)

WORCESTER, Mass., Oct. 25.—The city is filled with prominent women from all parts of the state, gathered to attend the annual meeting of the Massachusetts society. Daughters of the American Revolution. The

opening took place this afternoon in Tuckerman Hall, Mrs. Charles H. Masury of Boston presiding. A number of brilliant social functions are planned in honor of the delegates.

Mrs. R. A. Thompson left last night for St. Louis where she will join her husband.

ILLINOIS AT VICKSBURG TODAY

(Special Tribune Service.)

AURORA, Ill., Oct. 25.—The thirty-fourth annual state convention of the Illinois Young Men's Christian Associations opened in Aurora today with an attendance that justifies the expectation that the present gathering will be the greatest in the association's history. The day was given over to the reception of the delegates and the completion of the final details of the convention program. Dr. Frank W. Gansaulus of Chicago delivers the opening address this evening, taking as his subject, "George Williams, the Founder of the Y. M. C. A."

Other leading features of the convention, which will be in session until Monday, will be a series of Bible studies conducted by Don O. Shelton of New York, and addresses by Dr. Ira Landrith of Nashville, Tenn., L. W. Messer of Chicago, Fred B. Smith of New York and others. The music, which is one of the attractive features of the program is under the direction of C. B. Willis of Milwaukee.

MINNESOTA LIBRARIANS

AUSTIN, Minn., Oct. 25.—The fourteenth annual meeting of the Minnesota Library association commenced here today and will continue till the end of the week. Library work in all its phases will be discussed including the management of the city libraries, traveling libraries and libraries for schools and rural districts. Librarians from Minneapolis, St. Paul and other cities are here to address the association.

Would You Buy An Unhealthy Thing Because It Was Low in Price and Call it "Cheap."

If all a man cared to get out of life was the money he could save—then he would find kerosene, gas or tallow candles best for lighting.

So long as health is considered worth something, electricity is the most economical light.

An ordinary gas or kerosene light consumes as much oxygen as four persons.

You can imagine the effect on the air in a sleeping compartment if the lungs of four persons were permitted to deplete it of oxygen.

You want the best light to be had—that's the Wisconsin Service Electric Light.

NEWS AND NOTES OF SPORT

Benny Yanger and Steve Kinney
are on the cards for a fifteen round
bout tonight before the Ozark Ath-
letic club of Davenport, Iowa. Both
are reported in good shape for the
contest.

The fighting game is to be resumed
in Grand Rapids tonight. Phil Brock
of Cleveland and "Kid" Taylor of
Chicago are slated for the principal
event.

Beginning today the Benning race
track at Washington is to be the
scene of three days of cross-country-
sport. The occasion is the annual
meeting of the United Hunts Racing
association an organization which
aims to promote steeple-chasing
among hunting men.

The annual fall golf tournament of
the Chevy Chase club opens at Wash-
ington today and will continue until
the end of the week. The tourna-
ment is open to all members of clubs
in the United States Golf association.
The University of Michigan has
opened its new athletic field, which is
one of the best equipped in the coun-
try. It is entered through a \$11,000
gate.

The attendance at the American
league games during the past season
totalled 2,938,676, while that of the
National league reached 2,781,213.

Ex-Captain Dan Hurley is out help-
ing to coach the Harvard football
squad.

Yale appears to have mastered the
short kick, and in the future games
it is apt to be shown that there is no
better player in the east than Tad
Jones when it comes to gaining
ground on a quarter back run.

It was a great shock to Boston fight
fans when "Honey" Melody won the
decision over Joe Walcott.

UNDER THE STARS AND BARS

(Tribune Special Service.)

DALLAS, Tex., Oct. 25.—Hund-
reds of visitors were in the city to-
day to attend the opening of the an-
nual reunion of the Texas division of
United Confederate Veterans. The
meeting was called to order shortly
before 1 o'clock. The City Hall was
packed to the doors, when, after pray-
er, Gen. H. W. Graber introduced
Mayor Curtis P. Smith of Dallas, who
welcomed the visitors. M. H. Thom-
as delivered a greeting on behalf of
the Dallas Commercial club. Gen.
Graber then turned the convention
over to Gen. Van Zandt of Fort
Worth, the division commander, who
introduced Hon. T. M. Campbell, the
next governor of Texas. Mr. Camp-
bell was received with enthusiastic
cheers and at the conclusion of his
address there was another round of
vociferous applause.

The afternoon session was devoted
exclusively to the business of the con-
vention. Senator Culberson will ad-
dress the reunion tomorrow after-
noon.

FEAST OF ST. CRISPAN

(Special Tribune Service.)

MILWAUKEE, Wis., Oct. 25.—
The feast of St. Crispin, which oc-
curs today, is an anniversary now
forgotten by the shoemakers and
most every one else though there was
a time when the day was religiously
observed in many parts of this coun-
try. One of the pioneer labor organ-
izations of the United States was the
Knights of St. Crispin, which was
composed of shoemakers. The move-
ment was started in Wisconsin just
forty years ago and spread rapidly
eastward. Its aims were similar to
those of the labor organizations of
today, but the principles upon which
it was conducted were different. After
flourishing a few years the organiza-
tion became defunct and it is now
scarcely remembered, even by the
oldest members of the craft.

St. Crispin, in whose honor the or-
ganization was named, was a shoe-
maker, preacher, teacher of the Chris-
tian religion in barbaric Gaul, and he
suffered cruel martyrdom at the hands
of the heathen Roman Consul of Gaul,
in 287. There is a tradition that he
preached by day and made shoes by
night and gave them to poor, an an-
gel supplying him with leather.

MARRIED TO LIGHTEN LIFE'S BURDENS

TERRE HAUTE, Ind., Oct. 25.—
Col. W. E. McLean, one of the
wealthiest men of this city, 75 years
old and decrepit, married Miss Oliver,
aged 30 years, a distant relative, that
she might accompany him to Florida,
care for him in his declining years and
inherit his riches. His near relatives
tried hard to prevent the marriage.
Mr. McLean has been a democratic
leader in this state for fifty years.

ILLINOIS Y. M. C. A.

(Tribune Special Service.)

VICKSBURG, Miss., Oct. 25.—
Special trains that reached this city
today brought hundreds of veterans
and other visitors from Illinois to at-
tend the dedication of the \$200,000
temple-monument erected in the Na-
tional Park to the memory of the Il-
linois soldiers who fought and fell in
the historic siege of Vicksburg. Gov-
ernor Deneen and other official rep-
resentatives of Illinois, the members
of the state commission, and the First
regiment, I. N. G., of Chicago, are
among the arrivals. Governor Varda-
man of Mississippi and Governor
Blanchard of Louisiana, with many
veterans of the two states, have ac-
cepted invitations to participate in the
ceremonies.

A citizens' committee of leading
business men is looking after the
comfort of the visitors and assigning
them to homes for the three days that
they will be here. The exercises of
the week open with a public meeting
to the visitors tonight. Tomorrow
the grand parade to the memorial and
the dedication will take place. A
thousand or more soldiers will be in
the procession. The oration of the
day is to be delivered by the Hon.
William J. Calhoun of Chicago. On
Saturday there will be an inspection
of the Illinois markers and monu-
ments scattered throughout the mili-
tary park, and a joint camp fire of
Union and Confederate soldiers will
be held in the pavilion of the Country
Club in the evening.

The Illinois monument is one of the
handsomest and costliest war memo-
rials ever erected in the United States.
The monument is in the form of a
rotunda or circular temple and bears
considerable resemblance to the Grant
memorial in New York City. The
temple is nearly sixty feet in diam-
eter, and from the base to the top
of the dome the height is sixty-two
feet. The entrance is through a Tet-
rastylic Doric portico thirty-two feet
wide and projecting fourteen and one-
half feet on the south facade of the
temple. The pediment is supported by
four immense columns. The face of
the pediment is ornamented with a
sculptured group representing History
enrolling the names of the Illinois
soldiers and sailors who took part in
the great campaign and siege from
March 29 to July 4, 1863. On the
frieze is inscribed in raised letters the
word "Illinois."

Around the exterior of the temple
are engraved in bold letters the well-
known phrase from Lincoln's inaugu-
ral: "With malice towards none, with
charity for all," and the last phrase
in General Grant's farewell order to
the army, "Let us have peace."

The interior walls are covered with
bronze tablets bearing the names of
all the Illinois soldiers who took part
in the organizations of infantry, ar-
tillery and cavalry to which they be-
longed, respectively. Directly oppo-
site and facing the entrance is a large
bronze panel, upon which is inscribed
in appropriate phrase the date of ded-
ication, the names of the members of
the state commission, etc. Immediate-
ly above this large panel is inscribed
the name of Abraham Lincoln, and
immediately underneath the name of
Richard Yates, the war governor of
Illinois. On the right is the name of
Ulysses S. Grant, and to the left that
of Gen. John A. Logan.

The site of the temple is one of the
most conspicuous and commanding in
the military park. It is upon a small
knoll on the north side of the Jackson
highway, a few hundred feet from the
Shirley residence, which during the
siege was known as the "White
House," and is within sixty rods of
the strongest Confederate defenses
known during the siege as Fort Hill.
Upon the same site was located dur-
ing the siege the famous McAllister
Illinois battery.

Danger in Fall Colds.

Fall Colds are liable to hang on all
winter leaving the seeds of pneumo-
nia, bronchitis or consumption. Fol-
ey's Honey and Tar cures quickly and
prevents serious results. It is old and
reliable, tried and tested, safe and
sure. Contains no opiates and will
not constipate. Sold by O. T. Erhart.

NO SHORT SERMONS, SAYS PREACHER

ASHEVILLE, N. C., Oct. 25.—The
Central church south, the leading
Methodist church in this city, was
told by the Rev. Gilbert T. Rowe,
D. D., its pastor, Tuesday, that he
would not cut down his sermons to
thirty minutes' duration, as the mem-
bers had requested. He said he in-
tended to suit himself in the matter
and if his congregation did not like it
they could get another preacher.

S.S.S. A CERTAIN SAFE TREATMENT

Even if mercury and potash could cure Contagious Blood Poison the
condition in which these strong minerals leave the system would make the
cure worse than the disease. But they cannot cure the vile disorder; they
can only cover up the symptoms for awhile to break out with renewed vio-
lence when the treatment is left off. When the virus of Contagious Blood
Poison enters the blood the entire circulation becomes poisoned, and the
loathsome symptoms begin to appear. The mouth and throat ulcerate, hair
and eyebrows come out, glands of the neck and groin swell, copper-colored
spots appear on the body, and in severe cases sores and ulcers break out, and
even the bones become diseased. S. S. S. is the only certain, safe cure for
Contagious Blood Poison; thousands have been cured by it after failing with
the mineral treatment, Hot Springs, etc. It is the only remedy that is able
to get at the root of the disease and force out the poison so that no signs are
ever seen again. S. S. S. is purely vegetable, being made of roots, herbs
and barks, and never leaves any bad effects, but instead, tones up the stom-
ach and digestion and builds up every part of the system while removing
the poison from the blood. Book with instructions for self treatment and
medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

FIGHTS FOR TONIGHT

(Tribune Special Service.) Walter Little of Chicago vs. George Williams of Chicago, 10 rounds before the Indianapolis Athletic club.

It is said that the Puritans stopped bear-baiting—not because it caused pain to the bear, but because it afforded pleasure to the spectators. If your landlord, your partner or your employer seeks to "rule" you on the same theory, "kick over the traces" and read the want ads.

MANY FRIENDS RALLY TO SUPPORT OF CANDIDATES

Hundreds upon hundreds of votes are being received at The Tribune office from friends and admirers of candidates, in person and by mail, in The Tribune's great \$3,000 popular contest.

The wonderful interest already manifested is daily growing in extent and volume. It is already absolutely certain that this contest will be a gigantic success. Candidates in every district are organizing with their friends for the purpose of winning the most magnificent array of prizes ever offered by a metropolitan newspaper. The contest is short. It closes in six weeks, but many exciting and startling changes may occur in the fortunes of the different contestants during the contest. This contest will resemble a political campaign but it will be far more exciting and profitable to all concerned. Who will be the fortunate winner? It might as well be you.

Subscriptions for the different ladies entered in The Tribune contest are coming in rapidly, this does not show in the record of the votes but when you remember that the special vote coupons are good until used and may be held back and voted at the end of the contest if desired it is easily accounted for. It is a good idea to secure votes and hold them back a while the contest manager will advise you as to when to put them in, this applies to all the contestants alike, if you have a reserve of vote coupons you will feel much safer than if you have all your votes in the paper, besides no one knows how you stand which makes it better for all concerned.

The contest is fairly started now and the ladies are beginning to let their friends know that they are in the race to win, the prizes are valuable and well worth working for. Give the contest manager the names of your friends and he will see them for you and explain the contest to them and tell them how to help you win a valuable prize.

The free trips are valuable ones and will be eagerly claimed by the fortunate winners. All expenses will be paid in full, and nothing will be left undone to insure the recipients a most enjoyable stay at the points chosen.

Today five new contestants entered the Tribune's great contest.

Miss Thea Moilien of Coon Valley, starts with over 2,500 votes in district No. 6. Miss Myral Burr of Houston enters in the Fifth district as well as Miss Grace Horning of Dakota. Miss E. Wagner of North La Crosse enters with over 500 votes to her credit. Miss Carrie Lowry of La Crosse enters with over 400 votes to her credit.

WHITE RIBBONERS GATHER

(Special Tribune Service.) HARTFORD, Conn., Oct. 25.—Every train arriving in Hartford today brought its quota of delegates to the annual convention of the National Woman's Christian Temperance Union, which is to begin its sessions here tomorrow. The register at convention headquarters indicates that the attendance will probably eclipse that at any previous convention of the organization. Nearly all of the prominent foreign leaders who were present at the World's W. C. T. U. convention in Boston last week will be in Hartford and will speak before the convention of the national organization. Mrs. L. M. N. Stevens of Maine will preside over the sessions.

KANSAS LIBRARY ASSOCIATION MEETS

(Special Tribune Service.) LAWRENCE, Kas., Oct. 25.—The Kansas Library association began its annual meeting here today with a good attendance. The association will continue in session over tomorrow.

Notice to Electric Light Companies

The undersigned Board of Public Works of the city of La Crosse will receive sealed proposals at their office in the city hall, La Crosse, Wis., until the 27th day of October, 1906, at two o'clock p. m., for furnishing all electric current for incandescent light and power wherever needed in all the public buildings, Mississippi river wagon bridge, public bath, and all other places where now used, and in all similar places where the same may be needed by the city of La Crosse, for a period of one year from December 1, 1906 to December 1, 1907.

All proposals shall be sealed and directed to said Board and shall be accompanied by a bond to the city of La Crosse in the penal sum of Five Hundred (\$500) Dollars, and be executed and delivered in the manner provided by the charter of said city.

If the contractor fails to fulfill its contract, it shall pay to the city of La Crosse the sum of Ten (\$10) Dollars per day for each and every day that it shall fail to fulfill its contract, the said sum to be considered as liquidated damages.

The right is reserved to reject any and all bids.

Dated this 18th day of October, 1906.

Sheriff's Sales on Execution

Notice is hereby given that by virtue of an execution issued out of the Circuit court of La Crosse county, Wisconsin, in an action wherein Catherine Oehler was plaintiff and Mrs. W. J. (Sophia) Cameron was defendant and to me directed and delivered against the property of the defendant, and for want of personal property of the said defendant subject to seizure and sale on execution whereof the amount of such execution, or any part thereof could be made, I have seized, levied upon and taken all the right, title and interest that said defendant, Mrs. W. J. (Sophia) Cameron had on the 26th day of December, A. D. 1905, (that being the day upon which the judgment on which said execution was issued was docketed in La Crosse county) or has since acquired in and to the following described real estate lying and being situate in the county of La Crosse and state of Wisconsin, to-wit: The undivided one-half (½) of lot No. eight (8), block No. four (4) of Mons Anderson and B. E. Edward's addition to La Crosse, Wisconsin, and the undivided one-half (½) of lot number five (5), block number eight (8) of Mons Anderson and B. E. Edward's addition to La Crosse, Wisconsin, according to the recorded plat of said addition of record in the office of the register of deeds of La Crosse county, Wisconsin; subject, however, to homestead rights and the dower interest of Taaline Sandbo, which I will on Saturday, the 20th day of October, A. D. 1906, at the hour of 10 o'clock in the forenoon of said day, at the east front door of the court house, in the city and county of La Crosse and state aforesaid, expose for sale and sell at public vendue to the highest bidder, for cash, or so much thereof as will satisfy said execution and subsequent costs.

Dated, sheriff's office, La Crosse, Wis., this 6th day of September, A. D. 1906.

JOHN S. HOUGEN,
Sheriff of La Crosse County, Wis.
CHAS. B. MILLER,
Attorney for Plaintiff.

This sale is hereby postponed until Nov. 10th, 1906, at the same hour and place mentioned in the above.

Dated, sheriff's office, La Crosse, Wis., this 20th day of October, A. D. 1906.

Y. M. C. A. CONVENTION COMES HERE NEXT SEASON

THREE STRONG SPEAKERS HAVE BEEN ARRANGED FOR

The state conference of the Y. M. C. A.'s at Milwaukee closed last night. Papers on various phases of the work were presented by L. F. Minter, Milwaukee; J. W. Stafford, La Crosse; Dr. J. R. Brown, Milwaukee; N. R. Byron, Milwaukee; C. B. Willis, Milwaukee; N. Campbell, Wausau; L. H. Fox, Kenosha; P. B. Willis, Milwaukee; G. F. Werner, Oshkosh, and R. R. Wolf, Geneva.

The papers were thoroughly discussed by those present.

There was a large attendance of the state board that met last night to conduct the business for the year. They decided the next state convention will be held in La Crosse. Already there has been secured three or four notable speakers, F. B. Smith of the international committee of New York, who is probably the strongest speaker to men on the platform today; G. Fisher of New York, the international man for the physical department, and possibly F. Goodman, Sr., secretary of the bible study department. The date of the convention will be fixed by the executive committee.

NUMBERS MUST BE AT THE UNIQUE

The management of the Unique wishes to inform their patrons that the number which draws the watch Friday evening must be in the house at the last performance. If you cannot come yourself send them by some of your friends, and let them see one of the best vaudeville shows that they have ever seen in their lives.

POOR FARMER MAY BE HIER TO A FORTUNE

William Holberg, a town of Burns farmer, believes that he has fallen heir to a portion of a \$225,000 estate. Some time ago Holberg received a letter from Germany informing of his strange good fortune. Later he brought the notice to a local attorney who is looking up the facts. Holberg is in dire circumstances, working hard to pay off a large mortgage on his farm. If the news of the fortune is true, the money will come in handy for Holberg.

Tonight at the theater "Only a Private," a tale of the famous Seventh Cavalry, U. S. A., a true story, a romance in military life at Fort Riley, Kas., will be presented. The scene is laid at the military post in Col. Penrose's quarters. The private gets a commission, his sacrifice, the mid-night marriage, the sword combat, the ball room at post hall, are a few of the many interesting scenes. Mrs. John Hocking has returned from St. Francis hospital where she was taken for an operation.

Help Those Who Are Helping You

There is nothing that helps a town prosper like buying the goods it manufactures.

There are represented herewith some of our most prosperous and best manufacturers of commodities—goods that are of the highest grade.

La Crosse has made wonderful strides of progress in five years. It is chiefly because the "trade at home motto" has imbued the people. Our citizens have scoffed at the highly colored and luring advertisements of the mail order grafters, which kept La Crosse in the ranks of the villages for decades, and have wisely determined to support home manufacturers—the people who support them.

In every family the one topic upon which they will agree is that there is nothing better than our
